YEAR 3 - 6 SRC REPORT

Mentoring at the Junior Campus has been loads of fun!!!
Our mentors help us with our handwriting, English, computer work and everything else that we are working on in class.
We are always excited to see them because they are super friendly.
Our mentor is Eleni Skoumbourdis she is one of our Prefects!

Demi Gallos and Vas Haros
Year 3 SRC

All the Year 6's loved our camp this year at Wellington! We took part in fun activities like, the giant swing, canoeing, archery, observing the reptiles and spending time with our friends in the cabins.
The food was delicious! We had roast and schnitzel for dinner, wraps for lunch and some choices of cereals for breakfast.
Wednesday night on camp was particularly good because we had talent night and on Thursday night we had a movie night where we watched Space Jam.

Year 6 SRC
THE PEER MENTORING PROGRAM
AT THE
JUNIOR CAMPUS

During the first Semester we have both been a part of the junior mentoring program. We have had the opportunity to work with and communicate with many junior future successors of this wonderful college.

Walking towards their beaming faces glaring at us with love and admiration is a touching experience! We are always delighted and excited to mentor our students as they brighten our days and always lift our moods.

We have learned how to communicate more effectively with younger children, which can be used in the future when we have children of our own.

We encourage the Year 11’s of this year to think about taking on this responsibility next year, for the benefit of themselves and their future mentee’s.

As year 12 SRC representatives we aim to be positive role models to the loveable, caring, and respectful future Year 12 students of St George College.

All in all, the program has been rewarding and touching as the students look up to us and look forward to seeing us every week. We hope the children will remember us as we will remember them when we finish school. We look forward to seeing them at the beginning of next term!

Dimitra Papadopoulos and Dimitri Lyrtzis
Year 12 SRC
SCHOOL LIFE

The Year 7 ICT class participated in a photography excursion to take photos of interesting things in the city.

We caught the tram into Rundle Mall and then we walked through the mall to photograph all the items on our list. We then made our way to the Central Market where we took some more photos.

We really enjoy going out on excursions because we are learning different skills than we do in the classroom.

Earlier this Semester we volunteered to help the Parents and Friends at the sausage sizzle. We enjoyed helping out.

Efrosini Kontopoulou and Demetre Kouzions
Year 7 SRC
COORDINATOR’S REPORT

The main focus of our winter issue this year is to celebrate our Junior Campus Mentors and to hear about what’s happening in school life.

Seven Year 12 students mentor their younger peers once a week during a flexible learning lesson. The group includes; Prefects, Eleni Skoumbourdis and Anthony Nicola, SRC, Dimitra Papadopoulos and Dimitri Lyrtzis and House Captains, Irini Kouzianis, Evangelia Frazis and Kosta Bakopanos. They make their way down to the junior campus and are welcomed with open arms and wide smiles by their mentees.

Every moment they spend with their younger peers is valuable as they all develop life skills such as leadership, time management, effective and positive communication as well as a sense of pride and self-worth. Well done to all students involved in the Mentoring Program!
