We have been very happy and proud to be members of the SRC this year. Assisting the Parents and Friends with their fundraisers for example, Pizza Day and Milkshake Day has been fun. We also enjoyed modelling our jean outfits at the Jeans for Genes Day assembly and learning about the diseases and how they affect our bodies from the Year 12 Biology students.

We were also honoured that we were asked to be the masters of ceremonies for the Asia Cultural Assembly. We really liked talking in front of our classmates.

We feel we have grown in confidence as we have had more responsibilities this year especially in leading group activities.

We enjoyed coming to the senior campus to talk with the other SRC about ways to make our school better.

The Year 4 and Year 5 SRC were also lucky to be chosen by our SRC group to attend the GRIP Leadership Conference at the Entertainment Centre on Monday the 24th of March. We learnt about how to be strong leaders and good role models. Thank you to all students who voted for us as we really enjoyed being members of the SRC this year.

The Year 3-6 Team
YEAR 7-9 SRC REPORT

We feel grateful that we were selected by our peers to represent them in the Student Representative Council.

The role of an SRC is to help fellow students with achieving a much more enjoyable and fulfilling year at school. Though it was a great responsibility, the outcome was worth it.

Through the fundraising efforts of the Parents and Friends and our College community we were given the opportunity to achieve a number of our goals in our team such as, the installation of a water fountain near the Ledra grassed area, outdoor seating and a barrier to protect students from balls in the eating area outside the art room.

We feel that we have learnt important skills such as effective leadership, contributing ideas and being good role models for our peers. We are grateful towards our school for the enjoyable sessions of education that we used to improve our leadership skills, for the benefit of our school and ourselves.

We feel we have represented our peers in a respectful way, have listened to them and we hope we have made them proud.

The Year 7-9 Team

Year 8 and 9 SRC: Alexandra Toubia, Evan Saloniklis, Nikolaos Kakoulis and Magdeline Thomadakis.

Year 7 SRC: Eunwoo Baek and Dimitrios Tolis.

The Saint George College Dance Group performing at the Greek Music Night.

Year 7 girls are enjoying their lunch al fresco at our outdoor seating.
YEAR 10-11 SRC REPORT

This year we have thoroughly enjoyed being part of the SRC and fulfilling the honorable duty of representing our peers. Through our position in the SCR, we have been able to voice the opinions of our fellow peers, and in turn contribute to the development of the aesthetical and educational environments within our school. Being a part of the council has also been beneficial towards our personal learning, as we have had the opportunity to publically represent SGC, practice our leadership skills and make contributions towards our school community, local community and cultural communities.

Zacharoula Ktisti and James Zissis
YEAR 10 SRC

As members of the SRC we held many responsibilities this year such as, attending meetings and contributing our ideas, helping our school and being available to any of the students who required our assistance. We also assisted the Parents and Friends on several occasions with their fundraising activities. Although being a member of the SRC came with a number of responsibilities we managed to have fun whilst participating in all the tasks asked of us.

Irini Kouzionis and Abel Gebrehiwot
YEAR 11 SRC

INTERNATIONAL SRC REPORT

Two years, it is not a short time but not a long time as well. I have spent two years in Australia and at St George College. First what I felt in class was how can they study? Class was really free to talk and move. Second, I felt like all the words that people said were hovering around my head.

As an ESL or foreigner, it was hard to pick people's world first time. Third, how can they know Korean words? Second day of school, one boy said to me 'We are chingu' (friend in Korean). Also there were some troubles, problems and sadness, not only happiness and joy, however, these made me much stronger and more of an adult.

By now, I feel comfortable with classes, teachers and friends, but it is time to leave. I hope I was more friendly and active but I had good time in St George. I wish all students including international students enjoy their school life and everyone be satisfied with what they do.

Sumin Kim
INTERNATIONAL SRC
COORDINATORS REPORT

I trust you enjoyed reading the summer issue of our student newsletter and therefore the last issue for 2014.

All members of our SRC from Year 3 to 11 worked to write the articles and put this seasonal newsletter together. This issue is intended to celebrate their achievements and happiest moments of the year as they were asked to reflect on their experience as a member of the Student Representative Council and what it means to them to be selected by their peers.

We look forward to bringing you more student news and celebrating all student achievements in future publications.

Congratulations to all students and I wish them all the best for their future and a blessed Christmas season with their family and friends.

Miss Angela Drakopoulos
STUDENT SERVICES COORDINATOR
