Cricos Provider Number 02799F

Cheuk Ling Chung

is a Chinese student who
has been at St George
College since November,
2011.

The first day I came to St George College was last year, I felt so nervous at that time. When I walked into the school, it was so big. I felt shock at that time. When I walked in to the class, the classmates were nice to me. I felt so happy in St George College. At the beginning, I felt hard on all subjects. But a few weeks later, I felt better because the teachers and classmates helped me a lot. The teachers are very nice to the international students. During the lessons, the teachers will speak slowly because I'm not good at English. They speak slowly will help me feel to understand it. My classmates are very nice to me. When I have a problem on my assignments, they will ask me do I need any help? I am so happy that they always try to help me.

St George College has a good environment for study, they have lots of equipment. They have a library, canteen, music room, art room, art gallery, soccer field, media room, computer room etc. It makes me feel free when I come to school. This is my second year in this school. I am glad that my English skills have improved a lot. This is because the teachers have spent a lot of time on me and another reason I have improved my English skills a lot is because my classmates always talked to me. During recess and lunch time, I stay with my classmates. They teach me how to speak English. I was thankful for the teachers help. Furthermore, our school has lots of activities. We have sports day, casual wear day, jeans day etc. We will donate money to the St George College charity. These are expressive things.

Choosing to come to Adelaide to study is a good opportunity and experience for me. Adelaide provides a comfortable environment to study. When you walk into the city, you can see a lot of trees and modern and classical buildings. In Adelaide you can have an enjoyable and safe lifestyle. They have great weather and amazing scenery here. I love to stay in Adelaide to study.
