Autumn Edition 2015 Issue 9

What is the role of a College Prefect?

A Prefect of St George College bears the responsibility of not only representing the student body in its entirety but also the College itself. A prefect must maintain discipline in the way they carry themselves throughout the school year; helping staff, supporting younger pupils and getting involved in school events and activities. Moreover, a prefect must enjoy the experience of their leadership position as being a confident, helpful prefect who can build good communication skills that are extremely necessary for future endeavours. Personally, I have found that becoming a confident prefect is something that must be learned. Meeting with fellow prefects, SRC's, teachers, visitors and parents has helped to build my confidence within the school. I and my fellow prefect, Eleni Skoumbourdis hope to become the best versions of ourselves that we can be in order to service our College as best as we can.

Year 12 COLLEGE PREFECT
Anthony Nicola

Why is Peer Mentoring an important program at St George College?

Participating in mentoring at lunchtime on a Friday gives every student the opportunity to interact and bond with his or her mentor in a positive way.

All students, junior and senior, look forward to Friday afternoon to spend time with their buddy. It is a time to share achievements and to ask for help to solve a problem.

Whether it's, reading, times tables practice, assignments, homework tasks or simply talking, the time passes by quickly and students wait patiently for the following Friday to see their mentor once again. All the mentors feel the same way because they come to the library every Friday at lunchtime looking eagerly for their mentee.

Overall the mentoring program at St George College is a rewarding program because all students involved develop the following skills and values:

- Leadership
- Learning
- Confidence
- Forming relationships
- Organisation
- Nurturing
- Punctuality
- Commitment

Please take the time to view our display of photos in the corridor near the reception area of the Senior Campus next term!

In Term 2, a group of Year 12's will mentor our Junior Campus students during their flexible learning time. After mentoring begins at the Junior Campus there will also be a display of photos at the Junior Campus front reception area!

What is the role of a Senior House Captain?

All House Captains are very proud to be elected for the 2015 school year. The role of a senior house captain involves; being great role models for the College by wearing correct uniform at all times, conducting ourselves in a respectful manner, assisting the College and being kind and helpful to peers.

We will be involved in the Peer Mentoring Program, recycling, representing our House on Sports Day, guiding the newly elected Junior House Captains and doing what is requested of us from leadership staff to meet the needs of the student body. It is very important to teach and encourage our peers to recycle and show them that recycling is very important to save our environment from unnecessary rubbish. The money collected from recycling will go towards purchasing something that is a necessity for all students, as well as gaining extra points towards each House.

Senior House Captains

ATHENS – Mariah Mitris and Kosta Bakopanos

SPARTA – Eskadel Maru-Desta and Yehulegata Bayew

OLYMPIA – Stanley Loulakis and Sharlin Uwimana

PELLA – Evangelia Frazis and Thanasi Stavropoulos

COORDINATOR'S REPORT

Congratulations to all our new members of the Student Leadership Team for 2015.

A reminder to all elected students that they have been voted by their peers because they believe you can represent them in the best possible way.

Students have already started to work towards achieving goals they have set for themselves this year.

The SRC will continue to support the Peer Mentoring Program and the Parents and Friends with their fundraising initiatives. Their first duty this year, was to assist the Parents and Friends with Milkshake Day and the Easter Raffle.

I trust that all students will continue to serve their school for the remainder of the year. Good luck in all your endeavours.

Miss Angela Drakopoulos
