# Yujian Zhong

is a Chinese student who has been at St George College since July, 2012.

## My experience of St George College

- The teachers are friendly to students
- The school has good school rules
- Have a lot of good students

Good environment for students.  
I think St George College is a good school.

July 16, 2012, this is my first day at St George College. I still remember that was a good day, when I first went to school. The teacher I met was Mrs Panagaris, now she still is my English teacher. My Home Group teacher was Mr Pettit, he is a kind teacher. I can see a smile on his face every day, I think that is a good thing for students, because the Home Group is the first class, so the teacher gives students a good beginning and that should help students have a good mood all day, so I think Mr Pettit is a good teacher.

All international students have Mr. Dimmell, he teaches us ESL (English as a second language). When I first went to his class, I was a little bit afraid, because my English was not very good, and at the same time, I thought he was a severe teacher so I was very worried about that! But now, I think my fear is unnecessary, after getting to know him, I think he is a kind teacher. I remember an ESL lesson, just me and Mr Dimmell, he was so nice to me, he explained lots of things to me that day!

About the school rules, I think they are very firm, we need to wear school uniforms and school shoes to school every day. But I don't worry about that, because I adapted to that!

Finally, I think St George College is a good school, also I think very lucky. I joined St George College this year and it feels like a big family. I will continue to make more friends and better my knowledge!
